September 20, 2011 â€” ZWCAD 2012 helps CAD users to more effectively perform everyday drafting, drawing publishing, and visualization tasks. A new user interface that brings together all the tools that make project development easier, helps users focus on specific tasks, and makes designing more intuitive and productive. The new ZWCAD 2012 for Windows and Macintosh is an integrated platform that runs on Windows 7 and Macintosh OS X 10.9.x. Users can easily switch between different platforms without having to re-enter or import data. fffad4f19a
