Supercar Screen Saver Crack [2022]

Supercar Screen Saver features a simple interface with a series of supercars photograph. When the mouse pointer hovers on the screen, the theme shows the name and model of the supercar, the country of production and engine capacities, and a comment about the car. The program also has a background music option. The list of supercars is sorted by model name and model year. Use one supercar photo per screensaver on your desktop or in the screensaver folder on your hard disk. If you have a multimedia card in your PC, you may use a multimedia player program to play the sounds from the supercars. The data on this site can be copied, cut and distributed under the terms of the GNU General Public License. The copyright for this project and for Supercar Screensaver is owned by József Rácz.
