What's New in the Steam Icon?

The package consists of 12 steam icons in ico and png format. Each icon has a different size and a different look. Some of the icons are in full color, others are in black and white. All icons are selected in order to make them look the best possible. Credits: All icons are collected by Mikko Rantanen (@MikkoRantanen). How to Install and Use: Just copy and paste the icons from the archive to the Steam Shortcuts folder. The name of the icon will be updated automatically if you have your Steam Profile set to the default path. If you want to keep the original name, you can use the replace feature in Explorer or Windows to replace the icon with the new name. In some cases the icon-pack cannot be extracted from the archive. If this is the case, please report the problem. Author's instructions: Use your Steam Account. Please follow the step by step instructions that I have provided. If you have problems with the icon set, send me an email or a comment at the forum, stating what problem you have and send me a screen shot of the error. This icon set can be used on the main Steam client, but also on the Steam for Linux beta client, as long as you have Steam for Linux installed. Make sure that you have copied the icons into your Steam Shortcuts folder, so that the pack works for you. If you like this icon pack, please rate it at the Steam Store. If you want to report a problem with the icon pack, please send me a comment or report it on the Steam Forum. You should also ask the person that you bought the icons from for support. The icon is from the game 'Bioshock' (Playstation 3). The full original icon has been created and scanned, so this icon is a realistic and high-quality icon of the Steam Client in general. The name of the icon is: SteamHome.ico The package also contains another icon, called: SteamUser.ico, but the size of the icon is smaller, and the name of the icon is 'Steam User'. The pack contains: SteamHome.ico Steam User.ico Author's instructions: The icons are using 'Steam Home' and 'Steam User' names, and is not using the original names from the game. The icons are of low quality, and the original icon, the 'Steam Home' is made by me from scratch and is of high quality. If you like this icon pack, please rate it at the Steam Store. If you want to report a problem with the icon pack, please send me a comment or report it on the Steam Forum. You should also ask the person that you bought the icons from for support. The icon is from the game'

System Requirements:

OS: Windows 7, 8, or 10 (32/64-bit) Processor: 1.8 GHz or faster Dual Core CPU RAM: 4GB Graphics: DirectX 11 DirectX: Version 11 Storage: 300 MB available space Network: Broadband Internet connection How To Install: Extract the game.exe and run game.bat file. Run the updater.exe to check for updates. If there are any updates found, install them. Launch the game.
